Richardson Youth Leadership

February's RYL session was on Healthcare. Our fabulous hosts at Richardson Methodist Medical Center filled our day with knowledge that ranged from e-cigs to healthcare careers. We got a wonderful tour of the hospital and also discussed mental health with Debbie Dobbs from The Counseling Place. The career panel gave us a lot to think about in healthcare professions as they were from every corner of the hospital and their stories were fascinating. Lastly we learned how to volunteer at the hospital which intrigued many of us in the room. A big thank you goes out to the folks at Richardson Methodist Medical Center for rolling out the red carpet for the RYL class.

The last RYL session of the year is March 16 - Public Safety Day. The RYL graduation is set for Sunday, March 20 at the Eisemann Center.
